Dear Sir:

Page 24, paragraph four, on motor transport in agriculture, of Provisional Intelligence Report CIA/RR PR-34, states that estimates of the consumption of petroleum products by all motor transport in the USSR are presently available. It is requested that a copy of this estimate be forwarded this Center.

It is further requested that any other estimates on the consumption of petroleum products in the USSR be forwarded this Center.

Sincerely,

T. J. CONNAIR, Jr.
